ABSTRACT

This document consists of bulletin board ideas for high school home economics classrooms. The first section contains 19 themes for bulletin boards. Each page contains the name of the theme, needed materials and supplies, and an illustration of the bulletin board. Themes include the following: home economics occupations, motivational materials, units of instruction, humorous materials, career planning ideas, and learning styles. The second section contains one brochure and six posters on home economics as a career. (NLA)
